What's new | 2023 highlights

Expanded pregnancy support

Carrot is bringing even more support to people who are pregnant or postpartum. Employees can use their funds for eligible doula services, attend 1:1 coaching sessions with pregnancy experts like nutritionists and lactation consultants, and more.

Menopause and low testosterone (low T)

Fertility health doesn't stop at family forming. Carrot offers expert-led group sessions and educational content for people going through menopause and low T so they aren't left to navigate this stage of life on their own.

Employees love Carrot

"[Carrot] made it all so simple and easy. They helped us navigate through the maze of information and options and guided us with confidence, honesty, and respect. We are so grateful to them."
